Couple of questions. Currently have a ADT Safewatch Pro 3000EN paired with a 5882-3enh and would like to replace the 2 keypads with the 6160. \*Are the 6160's compatible (the ADT set up is from 2006) \*Are there limitations with the 5882-3enh, if so i would consider the 6160RF Thanks in advance!
