The SUB 12.17 EDGE is based on the consistent development of its famous predecessor, SUB 12.17. By making use of the latest ICEpower® technology, the subwoofer is able to perform with even more power and dynamics. While the RMS power increased to astonishing 700W, the peak power now even reaches 1045W which makes the 12.17 EDGE a real powerhouse.

Sonus faber is not new to the arena of subwoofer design and engineering. The first subwoofer project, the Gravis FB100, was launched back in 1986, later followed Cremona M subwoofers. Today, with the new Gravis collection, Sonus faber returns to its roots, incorporating cutting-edge technology while maintaining its identity of natural sound and quality Italian hand-craftsmanship.
