The Food Revolution How Your

In The Food Revolution: How Your Diet Can Save Your life and Our World, Mr. Robbins continues to make a strong and convincing argument for a plant-based diet. He points out the mistruths and outright lies of the meat and dairy industry.

The Food Revolution: How Your Diet Can Help Save Your Life ...

The Food Revolution is an incredibly important book. While I've read much of the content in other books, it is succinct and brings that information into an well-researched book. While I believe that the book is very much about adopting a vegetarian diet, it also shines a light on the dangers of Genetically Modified food, which veganism / vegetarianism will not solve alone.
